DIRECTIONS FOR
YACHTS

DIRECTIONS FOR YACHTS

If you are visiting Cempedak Island by private yacht it is most likely you will be coming from Singapore. Since February 2016 the regulations have changed and you no longer to obtain pre-clearance and can sail directly from Singapore. Your vessel must be equipped with an AIS (Automated Identification System) and be carrying a radio.

There are two ports that can be used to clear customs and immigration; Nongsa

Point on Batam and Bintan Bendara at the Bintan Resorts Ferry Terminal. We recommend using the Bintan one. If you intend to use Bintan to clear you should email your crew list, passenger list, a list of goods on board and your sailing plan to the designated agent PT Pelnas Bintan Mulia (Mr Rafin - oderafin@gmail.com). Please get in touch with us if you would like more details on the clearance procedures. The time taken to clear customs and immigration is variable but you will need to allow at least a couple of hours. There are regular ferries to Nongsa and Bintan and berths at with

DIRECTIONS FOR YACHTS

water and electricity. If you have a crew and captain you may find it more expeditious to send the yacht ahead and for passengers to take the ferry.

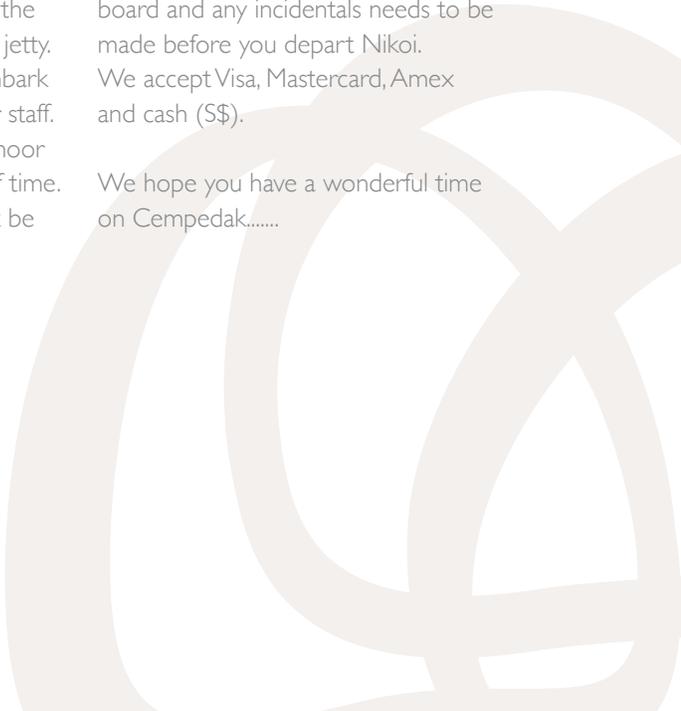

Charts for the area are of poor quality and lack the detail that would ordinarily be expected. If you need any assistance on the best route to take please do not hesitate to contact us. We recommend that you let us know by email your approximate time of arrival. Unless you are very familiar with the area we strongly urge you to time your trip to arrive during daylight hours.

Care should be taken on approach to Cempedak as there are a number of rocky outcrops and submerged reefs that surround the island. During the NE monsoon period (December to February) the best anchorage is on the southern side of the island near the jetty. If you wish to use the jetty to disembark please make arrangements with our staff. There is no provision for boats to moor alongside our jetty for any period of time. Note, shore access at low tide must be from the west side of Cempedak.

A seven day forecast for Cempedak is available on the website www.windguru.com. Whilst diesel is available locally we would recommend you have sufficient fuel on board for the return trip as the quality and reliability of supply is not great.

Cempedak is a private island and as such if you wish to visit the island we ask that you inform us in advance. We charge S\$120++ board per person per adult for visiting yachts for three meals a day, use of the facilities on the island including sailing dinghies, kayaks and snorkeling equipment. Please note that we have an age limit of 16 years old and will not allow any children to visit the island. If you wish to stay on the island accommodation must be booked in advance via our [website](#). Payment for board and any incidentals needs to be made before you depart Nikoi. We accept Visa, Mastercard, Amex and cash (S\$).

We hope you have a wonderful time on Cempedak.....
